I. This date a telephone call was

made to Xreceived from X25X1
25X1

The following agreements were made:

(1) Specifications need not be relaxed for the 600 to 700 Mc amplifier. Test results indicate that its size will be $3/4" \times 1\frac{1}{2}" \times 2\frac{1}{2}"$ and its gain will be the required 36 db.

(2) It appears that the 500 to 1000 mcs amplifier will also meet specs.
